

Christ Church Dance

In Pawling New York, Christ Church was all fired up for their Dance Party to raise money for Guidposts for Kids Comfort Kits. The middle school youth group at the church was introduced to the cause by their youth director and were immediately touched and wanted to do something to help. They came up with the idea to hold a dance party for 4th graders in the church and community. The youth group set up a table in their church on Sundays during coffee hour to sell tickets and

gave members of the church the opportunity to donate. The youth group went out and bought decorations including blue and yellow balloons and they got donations from local businesses. They even got their own DJ! The dance was such a success and Sparkle the caring star made a guest appearance! They raised over \$1300 and the kids had a great time raising money and having fun to support a good cause. The Christ Church looks forward to putting on another dance again next year.
